

# What should your pilot know before take off?

Let's give them a test and see how they do!

## Here are the questions

Did you check the weather?

Did you file a flight plan?

Is our plane within weight limits?

Did you do a walk-around?

How do I use my seatbelt?

How do I open the doors?

Where are the sick bags?

Do we have a fire extinguisher?

Where is the survival equipment?

Where would I find the first aid kit?

Did everyone dress for the weather?

What kind of Emergency Locator  
Transmitter (ELT) do we have?  
A 406 or 121.5?
